

Frank 7, 1944

Dear Minny,

I just heard definitely from Ellie that George was flying with his whole original crew. Joe wrote that eight parachutes opened first then the plane flew on a bit farther hooked off & two more parachutes opened. They are positive of that, he said.

That bit of news is such a ray of hope, we have so much to be thankful for, we know they are all together. I'll write a letter soon.

Lots of love
Alice
