

Nearest path.

I'm still at Conesus Lake.  
Mother & I went out walking  
this morning & when we got  
back there was a note on  
the door telling me about  
Howard. My father had  
phoned to a nearby farmer  
& he had delivered the  
message to me.

I'm shaking so terribly  
now, that I only hope  
you can read this scribble.

I'm so very very happy.

must be.

Heav. I'm so scared now, I can hardly control myself. Howard will surely know something about my George. Maybe they are together & his cable got through first. Anyway, I'll soon know the answer, but these next few hours or days of waiting shall be unbearable.

Please let me know the minute you hear from

I'm so thankful to  
God that your Howard  
is safe. We all been  
praying for him you  
know. I feel sure that  
I shall hear from George  
soon now perhaps  
even today. A how won-  
derful that will be.

Thank you so much  
for wiring to me. I  
shall do the same if  
I hear.

for you, dear

Love

Ellen

I feel like a criminal  
who is waiting for the  
jury to pronounce Life
