

UNITED STATES ARMY AIR FORCES

Jan 23 rd

Dear Virginia:

They sent me up here to take an instructor course. It is supposed to last five weeks. I hope no longer for I don't like this weather.

I had hopes of seeing you, Virginia, but they keep us so busy I doubt if it will be possible to get up to Cleveland.

We get Sundays off, but usually fly Sat. nights, so that is hardly time enough.

Hope you are well, & that cute little girl of yours is not keeping you too busy.

Have you heard from Dick recently. Would you send me his address. I would like to write. Ruth is fine, also the girls they love the sunshine.

Best wishes
Lawson
