Mister Snyder

I am the brother of Henri Fraikin.
We met each other in 1983 at the dedication
of the monument that marks the place
of the crash of your fortress (airplane)
in 1944. I have just found your photo
as well as the letter that you had sent to
my mother who died in 1990 at the age
of 101 years.

My brother Henri was not informed
of the dedication of the monument at
Macquenoise by the organization
of the event (probably for political
reasons.)

If my letter finds you in good
health, please answer me which
would give me great pleasure.

My brother Henri would be very
happy to have news from you.
He goes on like a charm in spite of
his 75 years.

Henri Fraikin, Rue de St Eloi 89 ~~73~~
Waremmé, Belgique.

I am enclosing a picture of the Fraikin
farm in Macquenoise where you found
refuge after your descent by parachute.
Also a photo of Henri in 1946.

Also, another of the
arrow that indicates your room.

I hope my letter finds you in
good health.

Sincerely

R. Franklin
